10/17 Carrie performance

ON 10/17 WEAR WARM SENSIBLE CLOTHES, BRING PHONES ON FULL CHARGE, CARRY REPAIR KIT FOR SCULPTURES.

On Wednesday 10/17 the whole studio will be traveling at 1.00pm to Carrie Furnace. All your prosthetic devices should be loaded into the fleet of cars (Nick, Akhil, Talia, and Sarah will be waiting at 12.45 outside MMCH rotunda to load up). You will arrive at CF at 1.30pm and will have 30minutes to set up in your locations, (see list below). You will need to be efficient and move to the first performance space for 2.00pm. Each performance group will be filmed by the dedicated film crew. This means that lights, camera angles and blocking positions should be discussed in advance. This crew will direct the performers, control the timing and record the conversation.

The school bus will collect us between 4.45-5.00pm. Gather all your belongings together LEAVING THE SITE COMPLETELY CLEAN, load the prosthetics into the cars and return to school.
